

Cell Memory

Find the function

Using the Cell Memory game, find out the function of the different cell components and complete the table below:

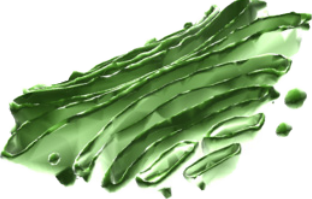

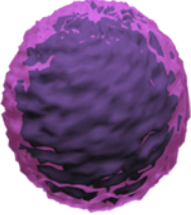

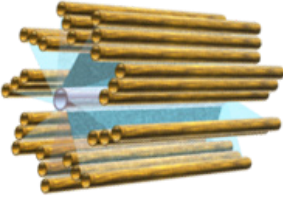

Cell component	Function in the cell
 Nucleus	
 Chromosomes	
 DNA	
 Rough endoplasmic reticulum	
 Smooth endoplasmic reticulum	

Cell Memory

Find the function

Using the Cell Memory game, find out the function of the different cell components and complete the table below:

Cell component	Function in the cell
 Golgi apparatus	
 Mitochondrion	
 Lysosome	
 Ribosome	
 Centrioles
